VISSION AND MISSION

To be a trusted provider of innovative solution that support sustainable industrial growth by delivering quality product and services through skilled expertise, advanced technology and integrity by ensuring safety, efficiency and customer satisfaction !

INTRODUCTION

JSC Philippines Corporation was consolidated and established in early 2024 under the leadership of its President and CEO, **Shiela Salabao Veyra**.

Built on shared values and a long-term vision, the company is deeply committed to developing and delivering quality products and services that create lasting value. With integrity at its core, **JSC Philippines Corporation** strives to foster strong, meaningful relationships with its clients and business partners, growing together through trust, collaboration, and excellence.

OUR PRINCIPLES

DISTINCTIVENESS

Decades of improvement through adopting innovative practices in the field of mechanical, electrical, fabrication, tooling and construction is what makes us highly competitive on track.

ENVIRONMENTAL FRIENDLY AND ADAPTABILITY

Follow and adheres to environmental policies as to by-products of our operation. The company is also resilient and responsive in times of crisis.

STANDARD-SPEED AND EFFICIENCY

JSC Philippines Corporation believes in a High Standard based on Engineering Principles and the number of years of hands-on experienced that goes with it. Mutual respect is highly observed at all times. The company acknowledges the essentials of money and time which our clients invested to us. Both are indispensable in achieving the common good which defines sweet success in every undertaking.
